

Dowdeswell

Front Press Linkage

- **Greater flexibility**
- **Higher work rates**
- **Complete control**

The patented Dowdeswell Front Press Linkage provides far greater flexibility when working with Furrow Presses.

Constructed to Dowdeswell's renowned quality engineering standards, the Front Press Linkage offers higher work rates and total flexibility of control.

Suitable for a wide range of soil types and cultivation conditions.

Front Press Linkage specifications

Suitability	Any double row 700mm Ring Press of up to 220cm (87") working width (30° rings), or a maximum weight of 1,100kg. Ideal for use with the Dowdeswell Adjustable Furrow Press range.
Turnover	Patented twin-ram turnover system for a smooth and positive action: screw down return restrictor valves, control the speed of lowering.
Press Mounting	Brackets are included for all Dowdeswell supplied furrow presses.
Hydraulics	Hydraulic hose is supplied to connect to the spool valves at the rear of the tractor

All New Dowdeswell Front Press Linkages are covered by our comprehensive two-year warranty.
